Dear Mr. Dohlin:

Thank you for submitting the nomination for the proposed Hudson Canyon National Marine Sanctuary. We greatly appreciate the interest expressed by the state, congressional delegation, nonprofit groups, business and tourism organizations and the number of other community members and individuals that signed letters in support of the nomination. It is clear that many care deeply about the unique resources in and around the Hudson Canyon.

NOAA's Office of National Marine Sanctuaries (ONMS) has completed our detailed reviews and determined that this nomination meets the national significance criteria and management considerations. Thus, we have added the nomination to the inventory of areas NOAA may consider in the future for national marine sanctuary designation. We look forward to working with you, your colleagues and the community organizations that have proposed the Hudson Canyon National Marine Sanctuary nomination as we consider possible national marine sanctuary designation.

Sincerely,

  
John Armor  
Director
